CONDIZIONI DI FORNITURA
GENERAL TERMS OF TRADE

CONDIZIONI DI FORNITURA

Il conferimento di un ordine a ERCOS per i prodotti contenuti nel presente listino implica l'accettazione delle qui sotto elencate condizioni generali di fornitura, salvo diverso accordo espresso in forma scritta.

1. Ordini

Tutti gli ordini verranno forniti secondo le condizioni standard indicate nel presente listino.

2. Modifiche e annullamento degli ordini

Non potranno essere accettate modifiche, annullamenti, aggiunte sull'ordine, o richieste di particolari lavorazioni/personalizzazioni salvo preventivo accordo scritto da parte di ERCOS ed esplicita accettazione scritta da parte del cliente delle eventuali maggiorazioni di costo o delle ulteriori spese sostenute a causa di dette variazioni che verranno di conseguenza addebitate.

3. Prezzi e sconti

I prezzi esposti nel presente listino sono da intendersi Franco Fabbrica, trasporto e IVA esclusi. Eventuali accordi, intervenuti con terzi, seppur agenti di ERCOS, relativi a prezzi e sconti sul presente listino non sono vincolanti per ERCOS, salvo espresa accettazione scritta da parte di questa. Listini, preventivi, offerte e prezzi, potranno subire in qualsiasi momento variazioni ad insindacabile discrezione di ERCOS.

4. Trasporto e Logistica

a. Aspetti inerenti la gestione logistica

ERCOS si riserva il diritto ad evadere gli ordini anche in più consegne parziali. Qua-lora il cliente desideri evitare dette consegne parziali dovrà specificarlo chiaramente nell'ordine.

ERCOS è esonerata da ogni responsabilità per la mancata o ritardata consegna impu-tabile all'errata scelta del giorno o dell'orario di consegna al destinatario o all'utilizzo di un mezzo di trasporto non adeguato alle necessità del destinatario, qualora le particolari modalità di consegna inerenti giorni e orari di ricevimento e scarico merce, richieste di consegna con mezzi di trasporto specifici (ad es: motrice, sponda idraulica, camion centinato, ecc.) non siano state esplicitamente richieste nell'ordine. In mancanza di tali indicazioni, ERCOS è infatti autorizzata alla spedizione secondo le modalità e con il mezzo che riterrà opportuni e le eventuali spese dovute alla manca-ta consegna verranno addebitate al cliente.

b. Responsabilità inerenti la spedizione.

L'eventuale spedizione della merce viene eseguita per conto del destinatario e quindi a suo rischio e pericolo. Al ricevimento della merce, il destinatario deve verificare che l'imballo sia intatto, che la merce non sia danneggiata o difettosa e che non vi sia merce mancante o difforme da quanto ordinato. Ogni eventuale reclamo relativo agli imballi, a danni o difetti, ad ammanchi o a qualunque altra contestazione relativa alla merce ricevuta va immediatamente segnalata al trasportatore firmando con riserva il documento di trasporto. La riserva va poi confermata a ERCOS a mezzo lettera rac-comandata, fax o posta elettronica, entro 8 giorni dal ricevimento della merce. De-corso questo termine, il trasportatore sarà liberato da ogni responsabilità sulla merce consegnata e quindi ERCOS si riserva di accettare o respingere a propria discrezione eventuali riserve trasmesse con ritardo. Su richiesta e a spese del destinatario, la merce spedita può comunque essere assicurata contro i rischi del trasporto.

5. Condizioni di pagamento

Le condizioni di pagamento pattuite tra ERCOS e il cliente decorrono dalla data di emissione della fattura, sono tassative e devono essere rispettate in ogni caso, salvo diverso accordo scritto. Eventuali detrazioni o ritardi nei pagamenti motivati da ritardi nelle consegne, contestazioni o reclami di qualunque genere o da note di accredito non ancora emesse o ancora da rivendicazioni d'altro tipo non riconosciute da ERCOS non verranno in alcun caso accettate. L'acquirente rinuncia quindi ad opporre in compen-sazione a ERCOS eventuali crediti, se non previo pagamento integrale dei propri debiti a quest'ultima. Un originale di ogni fattura viene sempre inviato al cliente contestual-mente alla spedizione della merce a cui si riferisce. L'eventuale smarrimento o mancan-za di detta fattura va tempestivamente segnalato a ERCOS e non potrà comunque in alcun caso giustificare il mancato o ritardato pagamento da parte del cliente. Le spese bancarie relative a mancati o ritardati pagamenti saranno interamente a carico del cliente, mentre gli interessi moratori, verranno addebitati al tasso di cui all'art. 5 D.Lgs 231/02, salvo risarcimento dell'eventuale maggiore danno e fermo restando il diritto di ERCOS a rivalersi per gli importi ad essa dovuti. Le commissioni bancarie e ogni altra spesa relative alla forma di pagamento prescelta sono a carico del cliente. Qualunque irregolarità nei pagamenti comporta l'immediata sospensione della fabbricazione della merce ordinata, nonché delle spedizioni in corso. ERCOS avrà facoltà, ai sensi dell'Art. 1460 C.C., di rifiutare o sospendere le forniture in caso di mora del compratore per qualsiasi importo a suo debito o qualora la sua situazione patrimoniale o finanziaria peg-giorasse successivamente alla conclusione del contratto e ancora nel caso in cui siano diminuite le sue garanzie patrimoniali o venga assoggettato a procedure concorsuali. Il mancato pagamento da parte del cliente anche di una sola parte del corrispettivo alla scadenza pattuita, comporterà l'automatica decadenza di quest'ultimo dal beneficio del termine per gli importi dovuti non ancora scaduti, con conseguente obbligo al pagamento immediato dell'intero capitale oltre a interessi e spese. Non si riconoscono pagamenti fatti ad Agenti se non muniti di autorizzazione scritta da parte di ERCOS.

6. Contestazioni e Reclami

Qualunque contestazione o reclamo relativi a merce, danni o difetti dovranno essere comunicati entro 8 giorni dal ricevimento della merce o comunque entro 8 giorni dal momento del palesamento del danno o difetto, posto che la merce oggetto di contestazione non sia stata alterata o manomessa da terzi non autorizzati da ERCOS. Ogni reclamo o contestazione dovrà essere trasmesso a mezzo posta a ERCOS, Via San Faustino, 35, IT-25040 Monticelli Brusati (BS), Italia o mezzo fax allo +39 030 653689 o a mezzo e-mail all'indirizzo info@ercos.it.

7. Resi

Nessun reso o ritorno di merce potrà essere ad alcun titolo accettato se non preventi-vemente concordato per iscritto con ERCOS.

Per ogni apertura di pratica di reso non autorizzata e/o non conforme di reso l'Azienda applicherà una franchigia fissa di € 15,00 (I.V.A. esclusa) a copertura delle spese gestione pratica e contributo oneri di trasporto. Non si accettano resi (o annullamento ordini) per prodotti fuori catalogo o speciali, fatto salvo accordo preventivo con il Servizio Clienti. I prodotti non potranno in ogni caso essere resi se non in perfette condizioni per la

vendita e nell'imballo originale, pena la rifatturazione dei prodotti stessi al cliente.

8. Imballaggio

L'imballaggio dei singoli articoli è compreso nel prezzo di vendita ed è normalmente previsto per il successivo raggruppamento della merce su bancale. Eventuali imballaggi speciali o personalizzazioni sono possibili con addebito. L'imballaggio dei radiatori non sarà ripreso.

9. Tempi di consegna

Per la fornitura di prodotti standard (cfr. punto 1.) i tempi di consegna saranno di 30giorni lavorativi dalla data di ricezione dell'ordine da parte di ERCOS. Per la fornitura di prodotti su misura, speciali o "su richiesta" (inclusi i servizi speciali con addebito) i tempi di consegna saranno di 60 giorni lavorativi dalla data di ricezione dell'ordine da parte di ERCOS.I tempi di consegna si intendono Franco Fabbrica e quindi non includono i tempi necessari per il trasporto, che non dipendono da ERCOS. Detti tempi di consegna sono meramente indicativi e assolutamente non vincolanti per ERCOS. Il mancato rispetto per qualsiasi ragione, dei tempi di consegna concordati non conferi-sce all'acquirente alcun diritto alla risoluzione del contratto, al risarcimento del danno, ad una diminuzione dei prezzi concordati o alla sospensione del pagamento.

10. Specificazioni e disegni tecnici

I disegni e le altre specificazioni o dati tecnici contenuti nel presente o in altri supporti informativi pubblicati da ERCOS sono indicativi, non sono vincolanti per ERCOS e non rappresentano quindi un contratto nei confronti di terzi. Per ragioni industriali e in funzione di un continuo sviluppo dei prodotti, ERCOS si riserva quindi di apportare mo-difiche a dette specificazioni e disegni in qualunque momento, anche senza preavviso. Allo stesso modo, eventuali campioni di prodotto messi a disposizione del cliente non possono rappresentare un vincolo per ERCOS.

Le specifiche i disegni, i capitolati, i campioni, i modelli e le attrezzature e i documenti che eventualmente ERCOS S.p.A. avrà comunicato per qualsiasi ragione all'acquirente o che sono comunque contenuti nel presente listino o in altri supporti informativi co-municati da ERCOS S.p.A. resteranno di proprietà di ERCOS S.p.A.. Il cliente si obbliga a tenerli riservati e ad utilizzarli esclusivamente per l'esecuzione del presente contratto.

11. Garanzia

1. Orders

All orders will be supplied according to the standard terms and conditions indicated in this price list.

2. Changing and cancelling orders

Modifications, cancellations, additions to the order, or requests for particular processing and/or customisation cannot be accepted unless there is prior written agreement from ERCOS and explicit written acceptance from the customer of any increases in costs or additional expenses incurred due to said changes, which will be charged accordingly.

3. Prices and discounts

Any agreements made with third parties, even if they are ERCOS agents, relating to prices and discounts on this price list are not binding for ERCOS, except for express written acceptance by the latter. Price lists, quotes, offers and prices, may undergo changes at any time at the sole discretion of ERCOS.

a. For aspects regarding logistics management, ERCOS reserves the right to process orders also in several partial deliveries. If the customer wishes to avoid such partial deliveries they must clearly specify this in the order. ERCOS is exonerated from any responsibility for failed or delayed delivery due to the incorrect choice of the day or time of delivery to the recipient or to the use of a means of transport that is not adequate to the needs of the recipient, where the particular delivery method regarding days and times of receipt and unloading of goods, requests for delivery by specific means of transport (for example: motor, tail lift, curtainsider, etc.) have not been explicitly requested in the order. In the absence of such indications, ERCOS is in fact authorised to ship in the manner and with the means it deems most appropriate and any costs due to non-delivery will be charged to the customer.

b. Responsibility regarding shipping. Any shipment of goods is carried out on behalf of the recipient and therefore at their own risk. Upon receipt of the goods, the recipient must check that the packaging is intact, that the goods are not damaged or defective, that there is nothing missing and that the goods do not differ from what was ordered. Any claim relating to packaging, damage or defects, shortages or any other dispute relating to the goods received must be immediately reported to the carrier while signing the transport document with reserve. The reserve must then be confirmed to ERCOS by registered letter, fax or e-mail, within 8 days of receipt of the goods. After this deadline, the carrier will be released from all responsibility for the delivered goods and therefore ERCOS reserves the right to accept or reject any reservations transmitted with delay at its own discretion. On request and at the expense of the recipient, the shipped goods can be insured against the risks of transport.

5. Terms and conditions of payment

The payment terms agreed between ERCOS and the customer are valid from the date of issue of the invoice, are mandatory and must be respected in any case, unless otherwise agreed in writing. Any deductions or delays in payments due to delays in deliveries, disputes or complaints of any kind or by credit NOTES not yet issued or by claims of any other type not recognised by ERCOS will not be accepted. The purchaser therefore waives the right to set off any claims against ERCOS, unless they have paid their debts, in full, to the latter. An original copy of each invoice is always sent to the customer together with the shipment of the goods to which it refers. If this invoice should be lost or missing, this must be promptly reported to ERCOS and in no case can it justify failure to pay, or delay payment, by the customer. Bank charges relating to missed or delayed payments will be entirely borne by the customer, while default interest will be charged at the rate set forth in art. 5 of Legislative Decree 231/02, subject to compensation for any greater damage and without prejudice to ERCOS's right to claim compensation for the amounts due to it. Bank fees and any other expenses related to the chosen form of payment are charged to the customer. Any irregularity in payments leads to the immediate suspension of the manufacture of the ordered goods, as well as of the shipments in progress. ERCOS will have the right, pursuant to Art. 1460 of the Italian Civil Code, to refuse or suspend supplies in the event of the purchaser's default for any amount due to them or if their equity or financial situation deteriorates after stipulation of the contract and again in the event that their financial guarantees are reduced or subjected to insolvency proceedings. Non-payment by the customer of even just one part of the fee at the agreed expiry date will result in the latter's automatic forfeiture of the benefit of the term for the amounts due not yet expired, with the consequent obligation to immediately pay the entire capital in addition to interest and expenses. Payments made to Agents are not recognised if they do not have written authorisation from ERCOS.

6. Disputes and complaints

Any dispute or claim relating to goods, damages or defects must be communicated within 8 days of receipt of the goods or, in any case, within 8 days from the moment the damage or defect is noted, provided that the goods in question have not been altered or tampered with by third parties not authorised by ERCOS. Any complaint or objection must be sent by post to ERCOS, Via San Faustino, 35, IT - 25040 Monticelli Brusati (BS), Italy or by fax to +39 030 653689 or by e-mail to info@ercos.it.

7. Returns

No return or refusal of goods may be accepted for any reason unless previously agreed in writing with ERCOS. The Company will apply a fixed excess of € 15.00 (Esc. VAT) for any unauthorised and/or non-compliant return made, to cover administration costs and as a contribution towards transport costs. We do not accept returns (or cancellation of orders) for products that are not in the catalogue or special articles, except with the prior agreement of Customer Services. In any case, products cannot be returned unless in perfect condition for sale and in the original packaging, otherwise the products will be re-invoiced to the customer.

8. Packaging

The packaging of the individual items is included in the sale price and is normally

provided for the subsequent grouping of the goods on the pallet. Any special packaging or customisations are possible for a fee. The packaging of the radiators will not be withdrawn.

9. Delivery times

For the supply of standard products (see point 1.) delivery times will be 30 working days from the date of receipt of the order by ERCOS. For the supply of customised, special or made "upon request" products (including special services with charge) delivery times will be 60 working days from the date of receipt of the order by ERCOS. Delivery times are intended ex works and therefore do not include the time required for transport, which does not depend on ERCOS. These delivery times are merely indicative and absolutely not binding for ERCOS. Failure to comply with the agreed delivery times for any reason does not give the purchaser any right to the termination of the contract, to compensation for damage, to a reduction in the agreed prices or to the suspension of payment.

10. Technical specifications and drawings

The drawings and other specifications or technical data contained in this or other information published by ERCOS are indicative, are not binding for ERCOS and therefore do not represent a contract with third parties. ERCOS reserves the right to make changes to these specifications and drawings at any time, including without notice, for industrial reasons and as a result of continuous product development. Similarly, any product samples made available to the customer cannot be binding for ERCOS. The specifications, drawings, samples, models and equipment and documents that ERCOS SpA may have communicated for any reason to the purchaser or that are, in any case, contained in this price list or in other information communicated by ERCOS SpA will remain the property of ERCOS SpA. The customer undertakes to maintain their confidentiality and to use them exclusively for the execution of this contract.

11. Guarantees

ERCOS SpA declares and guarantees that the products manufactured and marketed by them have been constructed in full compliance with national and international regulations covering the sector, the excellent quality of the materials used and the good construction of the appliances and that they have been thoroughly tested and subjected to strict quality control inspections. All ERCOS products are guaranteed for a minimum period of two years from the delivery date. Any item that within this period shows obvious defects in materials or workmanship, can be repaired or replaced free of charge and delivered free of charge provided that:

- the customer provides proof of purchase;
- these defects are promptly and in detail communicated in writing to ERCOS;
- no intervention has been carried out by the customer or third parties on the defective goods without the prior consent of ERCOS;
- any adjustments and/or calibrations of the radiant systems are not included in the guarantee coverage.
- The replaced goods will remain the property of ERCOS. Any replacements or repairs will take place within the time limits compatible with the organisational needs of ERCOS staff, which in any case undertakes to carry them out as quickly as possible. However, these repairs carried out under guarantee will not lead to its extension or renewal. The guarantee is void for defects or failures arising from abnormal stress, insufficient storage, tampering or any other modification or misuse not permitted by ERCOS and in any case the guarantee expires immediately in the following cases:
 - a. For radiators and towel warmers:
 - the system has been periodically emptied for long periods;
 - installation in steam-operated systems;
 - installation in open or non-hermetically sealed expansion tank systems;
 - addition of chemical additives in the water of the heating system;
 - presence of gas, sludge sediment, metal or grease residues in the system;
 - interventions or repairs for defects or failures that are performed without the written authorisation of ERCOS, which in this case is also free from any claim by the customer or third parties in relation to claims for damages and reimbursements and other expenses or compensation in connection with the intervention;
 - the accessories, spare parts and especially the nipples and gaskets used are not original ERCOS parts;
 - the radiators have not been kept and stored in good condition and protected from the elements before being installed on site;
 - installation has not been carried out in a workmanlike manner and in accordance with the standards and customs of the sector;
 - the water used for the construction of the heating system is corrosive and has degrees of hardness not included in the standard;
 - the radiators have been installed in systems with an operating pressure that is higher than the maximum guaranteed and indicated in the catalogue;
 - the radiators have been installed in systems with an operating temperature that is higher than the maximum guaranteed and indicated in the catalogue;
 - the radiators have been repainted at a temperature above 100 ° C.
- b. For bathroom and toilet and bidet products:
 - any deterioration of the chrome plating is due to the use of acid abrasive detergents;
 - the water used for creating the WC and bidet system is corrosive and has degrees of hardness not included in the standard;
 - installation has not been carried out in a workmanlike manner and in accordance with the standards and customs of the sector, as well as the assembly instructions provided by ERCOS supplied with each item. The forfeiture of the guarantee implies that ERCOS cannot be held responsible for any damage or request for reimbursement or compensation resulting from failures that are due to incorrect installation, manipulation or tampering as indicated above. The parties expressly exclude any other type of guarantee, including the guarantee for defects provided for in articles 1490 et seq. of the Civil Code, within the limits set by the second paragraph of art. 1490 CC; the parties agree only on the guarantee referred to in this paragraph, both in relation to the subject and in relation to the content of the guarantee itself
- c. For radiant systems:
 - the laying, testing and first start-up of the radiant system have not been carried

GENERAL TERMS OF TRADE

- failure to observe safety requirements (lack of safety thermostat, water pressure too high in the system), careless or improper use of the radiant system (radiant system temperatures too high);
- there is anti-freeze in the water of the heating system;
- the water in the heating system has not been conditioned with an appropriate "anti-algae" chemical treatment;
- poor or non-compliant functioning due to failure to use materials that are compliant with the development of the Opefloor executive design;

12. Product liability

Any damage to third parties caused by defective products is covered by a specific insurance policy and therefore will be handled in accordance with the times established by that policy.

13. Jurisdiction

In the event of a dispute arising from the supply relationships governed by these general conditions or, in any case, linked to them, the judicial authority of the Court of Brescia will be exclusively competent with express, agreed exclusion of any other possible concurrent or alternative forum.

14. Applicable Law

All contracts stipulated with ERCOS are subject to Italian law. The parties expressly exclude the application of the provisions of the Vienna Convention on the international sale of goods of 11 April 1980, ratified by law No. 765 of 11 December 1985.

15. Translations

As regards the translations of these general terms and conditions in a language other than Italian, if there is disagreement or uncertainty about the meaning or interpretation of one or more of these translated provisions, the Italian version shall prevail.

16. Stipulating the Contract

Stipulation of the contract will take place following written acceptance of the order by ERCOS, or when execution begins by the latter.
