## LA STORIA The story

*Il 12 luglio 1955, nel pieno del boom economico italiano, in un momento in cui è frequente la nascita di aziende con capitale di lavoro, dalla volontà di 44 operai viene fondata, nel territorio di Civita Castellana, Simas: acronimo di Società Italiana Manufatti - Articoli Sanitari.*

*Al 1961 risale l'acquisto del primo forno a tunnel lungo 50 metri e alimentato a gasolio, al quale, soltanto sei anni più tardi, se ne aggiungerà un secondo lungo 70 metri.*

*Negli anni '70 l'azienda cresce strutturalmente con l'installazione di catene di trasporto aeree ed essiccamento per ben 7 km, e con l'arrivo dell'attuale forno a tunnel lungo 110 metri. Il processo di meccanizzazione dei reparti, quello di collaggio avvenuto con l'installazione di macchine a bassa pressione, e quello di verniciatura con i robot di spruzzo, iniziato nei primi*

*anni Ottanta, verrà portato a compimento nel decennio successivo.*

*Nel 2004 cambia la ragione sociale dell'azienda: da società a responsabilità limitata a società per azioni con 70 soci, 125 dipendenti, 250 mila pezzi prodotti all'anno e con una rete commerciale che copre l'intero territorio nazionale.*

*E' del 2005 il progetto di restyling della sede storica di Civita Castellana, che viene inaugurata il 12 luglio in onore dei 50 anni di vita dell'azienda. Per questa ricorrenza Simas apre anche uno spazio a Milano, con l'intento di dar vita a un luogo di incontri e lavoro per architetti e progettisti.*

*Pluridecennale è la collaborazione con la designer californiana Terri Pecora e ormai consolidato è anche il rapporto con l'architetto Simone Micheli, autore di Henges, l'ultima serie in ordine di tempo prodotta dall'azienda e presentata per la prima volta in questo catalogo.*

...

*July 12, 1955 SIMAS is founded, in the midst of the Italian economic boom, thanks to the efforts of 44 workers, the foundation of companies based on human capital being quite common at the age.*

*In 1961 the first tunnel kiln is bought, 50 m long, gas oil fuelled and a second one, 70 m long will follow 6 years later. All along the 70s, the company undergoes a huge structural growth thanks to the installation of suspended chains for the transportation and drying of the products, running all across the spaces of the factory, for a length of 7 km and thanks to a new tunnel kiln 110 m long. The automation of the production departments, started in the early 80s will be completed in the following decades with the installation of high-pressure molding machines and robotic enamel-painting devices. In 2004 the company changes from limited liability asset to a stock holding one with 70 members, 125 workers, 250 thousand pieces manufactured per year and a sales network completely covering the national territory.*

*July 12, 2005 the company celebrates its 50th anniversary with a complete restyling of the historical site in Civita Castellana. On this same occasion SIMAS inaugurates a space in Milan to become a site for meeting and events for architects and designers. The cooperation with the well-known Californian designer Mrs. Terri Pecora is decades long as well as the one with architect Simone Micheli, who also designed the new born collection 'Henges' that is presented for the first time in this catalogue.*

Simas

## HAND-MADE *in Italy*

*In Simas tutto è rigorosamente made in Italy , per un prodotto la cui realizzazione ha nelle fasi di collaggio, verniciatura e cottura nei forni a tunnel, i momenti salienti di un processo ancora oggi interamente svolto all'interno dell'azienda. Emblema dell'artigianalità, insita nel DNA di molte aziende italiane, Simas nel rispetto della tradizione continua a puntare su quei valori dai quali è nata: la condivisione delle idee , il lavoro di squadra nel realizzarle e una puntuale assistenza verso i clienti.*

...

*In SIMAS everything is strictly made in Italy, every step of production from molding to enamel-painting to cooking in the tunnel kiln being done inside the factory. A symbol of that craftsmanship enclosed in the DNA of many Italian companies and respectful of its traditions SIMAS continues to focus on values such as ideas sharing, teamwork and punctual customer care.*

## ETICA E QUALITA'

*Ethics and Quality*

*Simas si fregia del marchio **Ceramics of Italy**, "sigillo" di Confindustria Ceramica inteso a valorizzare il patrimonio storico, culturale e produttivo della tradizione ceramica italiana. **Ceramics of Italy** dunque come riconoscimento di eccellenza italiana , prerogativa solo di selezionate aziende del settore e Simas è fra queste.*

*SIMAS proudly boasts the trademark '**Ceramics of Italy**' a seal of approval from Confindustria Ceramica (the Italian association of ceramics manufacturers) for the promotion and development of the historical, cultural and manufacturing heritage of the Italian ceramics tradition. '**Ceramics of Italy**' as a symbol of Italian excellence, only granted to selected companies and Simas is among them.*

Ceramics of Italy

...

*Si certifica che Simas S.p.a. ha aderito all'iniziativa **ioCO2MPENSO** grazie alla quale ha compensato le sue emissioni annuali di CO2 con la piantumazione e tutela di 200 alberi nell'ambito del progetto di riforestazione*

*It is certified that SIMAS SPA took part to the project **ioCOM2PENSO** thanks to which it has balanced its yearly CO2 emissions by planting and taking care of 200 trees according to the reforestation program.*

## CERTIFICAZIONI Certifications

### **Certificazione “di Processo” e “di Gestione Ambientale”**

Simas è certificata CERMET, con due importanti normative: UNI ISO 9001 - 2015 per la qualità del processo e UNI ISO - 14001 - 2015 per una corretta gestione ambientale. Norme che definiscono i requisiti per la realizzazione di sistemi di gestione della qualità e che garantiscono il rispetto delle normative ambientali.

### **Certificazione “UPC” e “WaterMark”**

Dal 2016 alcuni prodotti Simas di particolare interesse sui mercati internazionali (contrassegnati nel Catalogo) sono certificati secondo le normative **WaterMark** (Australia e Nuova Zelanda) e UPC (Stati Uniti e Canada) che ne garantiscono la rispondenza ai severi standard esistenti in tali Paesi in materia di apparecchiature idrauliche

by

### **Certification of the process and for environmental management.**

Simas is certified by **CERMET** with two important regulations:  
UNI ISO 9001 - 2015 for the quality of the production process and  
UNI ISO – 14001 2015 for the correct environmental management.

The regulations define the requirements for the realization of the correct quality control process and grant the respect of the environmental normative.

### **Certifications “UPC” e “WaterMark”**

Since 2016, some of the SIMAS products which are highly requested by the international markets (clearly marked in the Catalogue) have been certified as for the **Watermark** (Australia & New Zealand) and **UPC** (United States & Canada) regulations; the norms grant the respect of the strict standards which above mentioned Countries demand for the plumbing devices.

Simas

## SPAZIO SIMAS Milano

*Il progetto è pensato intorno a due soggetti: l'azienda, con tutto il suo carico di storia e con la riconosciuta qualità nel campo della ceramica, e l'architettura dello spazio di via Melzo.*

*Un'opera con una struttura ellittica costruita intorno a due fuochi, il cui prevalere dell'uno sull'altro dipende esclusivamente dal punto di osservazione del visitatore. Esiste tuttavia un elemento di convergenza tra le due istanze progettuali: la storia, come valore assoluto, evocata dal colore grigio, unico per l'intero ambiente e scelto in ricordo dei luoghi di lavoro di un passato a cui appartengono sia lo stabile del nuovo spazio espositivo che Simas.*

...

*The project has been created around two subjects: the company, with its historical background and the well-known quality of its ceramic products, and the architecture of the space, located in Via Melzo in Milan.*

*This is a work with an elliptical shape, built around two focuses, the prevailing of the one on the other being exclusively the result of the visitor's viewpoint. It exists anyway a convergence point between the two planning's applications: the history, as absolute value, called to mind by the grey finish, the only color for the whole space, selected as a memory of those workplaces from the past, which both the building and Simas belong to.*

project: Giancarlo Angelelli

Simas

*E' tutta una questione di sguardi...  
per avvicinarsi più possibile al senso delle cose,  
bisogna imparare a guardarle come fosse la prima volta. Questo è il motivo per cui  
si è deciso di raccontare i prodotti dell'azienda attraverso la sola immagine della  
loro forma, fusa nell'atmosfera che li circonda.*

...

*That's all a gaze matter...  
we have to learn to look at the objects as it was the first time, in order to come as  
close as possible to their real sensation. This is the motivation behind the choice  
to illustrate the company's products only through the images of their shapes, fused  
together with the surrounding atmosphere.*

## FOLIO

*La ceramica esce dai suoi abituali confini per diventare un piano sottile, base di appoggio per quattro lavabi ;  
una sorta di orizzonte che separa in due il progetto di arredo,  
che ha nel ferro delle strutture e nel legno dei cassetti gli altri materiali impiegati.*

*Ceramics goes beyond its limits and becomes a thin top to support four basins:  
a sort of new horizon splitting in two this decor project characterized  
by the metal of the frames and by the wood of the drawers.*

*design: Simas*

## SHARP

*Dieci lavabi dalla forma particolare:*

*lo schiacciamento morbido alla base e la conseguente tensione manifestata dal bordo sottilissimo, di soli 3 mm sembrano simulare visivamente l'idea di resistenza che il lavabo deve opporre al peso dell'acqua contenuta nel suo interno.*

*Ten basins with a peculiar shape:*

*the rounded volume at the bottom and the subsequent tension expressed by the extra thin rim of only 3 mm appear as a sort of visual simulation of the resistance of the basin with respect to the weight of the water inside it.*

*design: Simas*

## Condizioni generali di vendita General Sales Terms

- 1) **Consegna:** La merce è venduta franco ns. stabilimento. La SIMAS S.p.A. si riserva la facoltà di evadere un ordine in più consegne a secondo delle effettive disponibilità dei prodotti presso il proprio magazzino.
  - 2) **Imballaggi:** Le caratteristiche dell'imballaggio saranno esclusivamente a scelta della SIMAS S.p.A. che ne farà oggetto di addebito in fattura al Cliente.
  - 3) Le dimensioni riportate nel presente catalogo sono da intendersi a titolo puramente indicativo.
  - 4) **Termini di consegna:** I termini di consegna e spedizione hanno valore indicativo in quanto, anche se il programma di consegna sarà improntato tenendo conto delle richieste del Cliente, la SIMAS S.p.A. si riserva di apportare modifiche alle sequenze delle consegne stesse rispetto ai programmi concordati.
  - 5) **Pagamenti:** I termini di pagamento si intendono tassativi e decorrono dalla data di fatturazione. La SIMAS S.p.A. si riserva la facoltà di sospendere od annullare forniture qualora i pagamenti non siano effettuati nei termini pattuiti. Ogni eventuale contestazione non dà diritto al Cliente di sospendere i pagamenti in corso.
  - 6) **Interessi di mora:** L'inosservanza dei termini di pagamento stabiliti determinerà l'addebito al Cliente degli interessi di mora al tasso ufficiale di sconto aumentato di 5 punti.
  - 7) La Simas S.p.A. si riserva la facoltà di modificare le caratteristiche tecniche dei propri prodotti e/o sopprimere modelli in qualunque momento e senza preavviso.  
Misure e colori sono indicati a puro titolo informativo e sono comunque soggetti alle tolleranze tipiche della ceramica.
  - 8) **Reclami:** Tutte le forniture effettuate si intendono accettate trascorsi, senza alcun reclamo, 8 giorni dal ricevimento della merce. Eventuali reclami dovranno essere inoltrati, entro il suddetto termine, a mezzo raccomandata direttamente alla Sede della SIMAS S.p.A.
  - 9) **Foro competente:** Qualsiasi controversia sarà di esclusiva competenza del foro di Viterbo.
- 1) **Delivery:** Goods are sold ex factory. SIMAS S.p.A. reserves the right to carry out orders in more than one shipment depending on stock availability.
  - 2) **Packing:** Packing will be chosen by SIMAS S.p.A. and will be invoiced to clients.
  - 3) **Dimensions** as indicated in the present catalogue are to be considered as approximate ones.
  - 4) **Delivery terms:** Delivery and shipment terms are approximate since, even though shipping schedules are organised to meet clients' needs, SIMAS S.p.A. reserves the right to modify delivery sequences regardless of agreed terms.
  - 5) **Payments:** Payment terms must be strictly respected starting from invoice date. SIMAS S.p.A. reserves the right to stop or cancel shipments in case of clients' failure to pay within agreed terms. Any controversy does not give clients the right to stop pending payments.
  - 6) **Arrears interest:** In case the client fails to settle payments within agreed terms, the client will be charged arrears interest at the current discount rate increased by 5 points.
  - 7) Simas S.p.A reserves the rights to modify technical features of its products as well as cancel any model at any time and without notice.  
Sizes and colors are indicated only for information and however, they are subject to the typical tolerances of ceramic.
  - 8) **Complaints:** Any consignment will be considered as accepted after 8 days upon receipt of goods. After that, complaints will not be taken into consideration. Complaints must be forwarded within the a.m. term by registered mail directly to SIMAS S.p.A.
  - 9) **Relevant Court:** Any controversy falls within the competence of the Viterbo Court.
